Boutique CROs know that no two studies are the same.

You aim to deliver high-quality, white-glove service to your sponsors and need an adaptive eClinical suite behind you. Medrio's integrated eSuite is flexible and intuitive so you can execute on bids efficiently while increasing build speed, data quality, and sponsor trust.

medrio

Offer Your Sponsors a Complete Package

We know that your sponsor relationship is central to what you do. Combining your experienced CRO teams with our intuitive technology gives you a powerful competitive advantage.

Offer your sponsors a solution for any study—traditional, virtual, or hybrid—with our configurable eSuite of eConsent, ePRO/eCOA, RTSM, and DDC that seamlessly sync to our EDC. Our dashboards and visualizations enable real-time monitoring and ensure adherence to the quality plan while keeping you in complete control. We want to help you exceed sponsor expectations and build long-lasting relationships. Leverage our solutions to expedite your studies while delivering unparalleled data accuracy and live study progress visibility for sponsors.

Intuitive Solutions That Keep You in Control

- ◉ Run efficient multi-site or decentralized studies
- ◉ Dynamic dashboards for live study progress visibility
- ◉ Data transparency with sites and sponsors
- ◉ Global user access management
- ◉ Configurable custom or templated reports
- ◉ Study metrics you can trust
- ◉ Intuitive solutions—no programming!

In addition to [Medrio's] EDC, we've used their ePRO and Direct Capture solutions, and we're always impressed by not only their speed and flexibility but also their support. We know that if we have a question or need assistance that it will be addressed immediately and resolved quickly."

— Clinical Data Manager, Sangamo Therapeutics

Achieve Fully-Transparent Pricing

We don't believe in hidden costs or invisible extras. At Medrio, you can expect transparent, straightforward pricing options that include additional modules, hands-on training, and mid-study changes at no additional cost to you. With increased data accuracy and autonomy to build your studies according to the quality plan, Medrio lowers your cost of ownership and keeps your studies comfortably on time and on budget.

- ◉ Keep sponsors and sites happy with reliable, real-time data
- ◉ Get clean data as it's entered with dynamic forms and skip logic
- ◉ Leverage automatic edit checks and perform on-demand data reviews
- ◉ Gain instant insight into your trial performance with robust reporting and analysis tools

Training You to Train Your Teams

Our solutions are designed to put you in the driver's seat. And our responsive support team, product experts, and data scientists are ready to hand you the manual.

- Access module-specific training tailored to your unique workflows and designed to bring your study builds in-house.
- Our project managers are on-hand with the tools to build confidently and drastically reduce your time to go live.
- Leverage our data management team for full-service support of plan development, data reconciliation, database delivery, and study closeout.
- Lean on our experts for API integrations, exports, query management, or more with 24/7 support.

Meet Compliance Requirements

Our solutions meet or exceed all global data collection regulations—including ICH/GCP, 21 CFR, GDPR, and HIPAA—so you can focus on your trial and trust that your data is compliant.
